Product Factsheet

Williams G18Box

Wall Mount Dries 18 Pair of boxing, bag, sparring or fight gloves.

• Safe and Efficient Drying

Direct Drying focuses a stream of air to the most difficult area of the glove to dry. The warmed air is delivered at a safe temperature to save sensitive fabrics and prolong equipment life. Boots are stored upside down to protect against debris from above.

• Proven Health Benefits

Williams Direct Drying has been proven under laboratory conditions to efficiently eliminate harmful pathogens in personal protective equipment.*

• Controls Locker Room Odour

Continuously dried personal protective equipment eliminates the bacteria associated with locker room odour.

• Built in Energy Management

Depending on your drying requirements, air is either delivered at 10-15°F (6-8°C) above room temperature or at room temperature for more economical operation.

Specifications

24" wide x 19" deep x 84" high (600 x 480 x 2130) Nominal
110V 10A; 220V 5A
Heavy duty welded steel construction - powder coated

* Report available upon request
